<div><b>Idaho Rebounds: Our Path to Prosperity</b></div> <div><b>Guidelines for Opening Up Idaho</b></div>
<p>Governor Brad Little, with the help of the Department of Health and Welfare and guidance issued by President Donald Trump and the Centers for Disease Control and Prevention, has established a data-driven approach to opening up Idaho’s economy. This approach reduces the risk of COVID-19 to Idaho’s most vulnerable populations and preserves capacity in our healthcare system, while opening up businesses safely. From an economic standpoint, Idaho’s rebound from COVID-19 starts with employee and consumer confidence, which leads into business stability and growth and eventually promotion and attraction.</p>
