Blueprint for a Safer Economy

Last updated August 30, 2020 at 11:03 AM

California has a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities.

**Find the status of activities in
your county, effective Aug. 31**

County

Activity

GET LATEST STATUS

WIDESPREAD

Many non-essential
indoor business
operations are closed

More than 7

daily new cases (per
100k)

More than 8%

positive tests

SUBSTANTIAL

Some non-essential
indoor business
operations are closed

4 - 7

daily new cases (per
100k)

5 - 8%

positive tests

MODERATE

Some indoor business
operations are open with
modifications

1 - 3.9

daily new cases (per
100k)

2 - 4.9%

positive tests

MINIMAL	Less than 1	Less than 2%
Most indoor business operations are open with modifications	daily new cases (per 100k)	positive tests

[Learn more about the tiers.](#)

Understand your county's status

Every county in California is assigned to a tier based on its rate of new cases and positivity. At a minimum, counties must remain in a tier for at least 3 weeks before moving forward. Data is reviewed weekly and tiers are updated on Tuesdays. To move forward, a county must meet the next tier's criteria for two consecutive weeks. If a county's metrics worsen for two consecutive weeks, it will be assigned a more restrictive tier. Public health officials are constantly monitoring data and can step in if necessary.

With this blueprint, what businesses are allowed to open immediately statewide that were previously closed?

What happened to the County Monitoring List?

What happens if my county's case rate and positivity measures fall into two different tiers?

Can my school open under this blueprint?

What can I do to help my county reach a lower tier?
