*In a previous list, Kern County was included as a County impacted by today's new closures. As of this morning, Kern County is no longer on CA's County Monitoring List and is not yet impacted.

At the very least these counties need to keep schools closed and distance teach. How is it not safe to go to a restaurant but school districts can decide to have in person instruction. Don't make me choose between my newborn's health and my job. Keep students and teachers safe!

I've been told by enough people that convey the tests that they're designed to detect standard allergy and flu symptoms as covid so 90 percent of cases are false

Here is the clean petition I used to sign and have most of my family sign to begin a recall of Gavin Newsom. It's easy to download, complete, and you can get others to sign. Since we all have so much time now since everything is closed, sign this and ask everyone you know!

You should be closing in-person schools in these counties as well. Districts shouldn't feel pressured to provide student storage services. If it's not safe for higher ed, it's even less safe for K-12. Protect teachers. Protect students.

Could this possibly be all of the counties where the prisoners are being released? Anyone hear of Project Room Key? Prisoners are being sent to hotels to quarantine for two weeks? Our local government has given us some info on this but not the locations of hotels..

1st, TY! 2nd, Curious why Santa Cruz County is not on the list? 8 of 10 people i see daily in close proximity in beach+other areas for MONTHS have not worn masks and there are many tourists here now adding to the problem. When, not if, C-19 slams our county people will wake up

**CMMorgan #NeverAgain** @SoCalIls · Jul 13Replying to [@GavinNewsom](#)

How are we going to make [#OrangeCounty](#) comply?

Is anyone else surprised to see that San Francisco is not on this list? I wonder if their mask wearing compliance is better than other counties. San Diegans or those who are out and about in San Diego do not seem to wear masks regardless of the space or setting when outdoors.
