The COVID-19 Data Review Panel reviewed and verified the data used to inform the WVDE School Alert System Map to ensure both accuracy and reliability. The panel considered data captured at 11:59 p.m. Thursday, September 17, 2020. As a result, there may be differences between the WVDE map and the DHHR County Alert Map.

The county color announced each Saturday at 5 p.m. will be in effect until the following Saturday at the same time with the exception of a county turning red. That change would be made immediately to the WVDE map because all in-person instruction and extracurricular and athletic activities would be suspended.

All schools, both public and private, are expected to adhere to the WVDE School Alert System map to guide in-person instruction and extracurricular activities.

For information about the data that guides the color-coded map or the Data Review Panel, please contact the DHHR at DHHRCommunications@wv.gov.
