

COVID-19 Directed Health Measures

! All 93 Nebraska counties are under the State's Directed Health Measures.

Understanding the State's Directed Health Measures

NEW Updates as of April 29, 2020

Governor Ricketts announced that the directed health measures for the health districts of Lincoln/Lancaster County, Three Rivers and West Central will continue until May 11. At that time the DHM will be relaxed similar to what was announced for Cass, Douglas and Sarpy counties which goes into effect on May 4. The changes will include:

- Restaurant dining rooms are limited to 50 percent of maximum occupancy rating at a time. [Restaurant In-Room Dining Reopening Guidelines](#)  / [Guía de Reapertura de Restaurantes Tipo Comedor](#) 
- Beauty and nail salons, barber shops, massage therapy services and tattoo studios can open while maintaining the 10-person rule with employees and customers wearing masks.
- Childcare facilities will be permitted to have up to 15 children per room/space, an increase of five over the current requirements.
- All other businesses currently ordered to close must remain closed until May 31, or until the orders are amended, including bars, gentlemen's

clubs, bottle clubs, indoor movie theatres, and indoor theatres.

- Churches, synagogues, mosques, temples, and other places of worship can resume services, weddings and funerals beginning May 4. Each household must meet a minimum of six feet of separation. [Guidelines for the Conduct of Faith-Based Services Including Weddings and Funerals Held in Houses of Worship](#) 
- Previously, Governor Ricketts announced hospitals can resume elective surgeries on May 4 if hospitals meet certain capacity requirements. Dental offices, eye care clinics and veterinary clinics can also reopen.
