## Thread

**Governor Jay Inslee**  @GovInslee · Oct 13

Today, 5 counties still in Modified Phase 1 (Benton, Chelan, Douglas, Franklin, Yakima) are moving to Phase 2.

We know cases have started to tick back up across the state. None of us are out of the woods, but these counties have made tremendous progress over the last few months.

This move will put these 5 counties on par with their neighboring counties. It is a relatively modest change, but we feel it's appropriate to align these counties with the rest of the region.

I'm grateful to each of these counties for doing what it takes to drive down the virus.

The science says open....So????

We are out of the woods. Much more damage is being done by restraining us.... Open it up Gov!

So cases are increasing but we're going to open up more? That seems backwards.

On August 10th Iowa lost 50% of the state's soybean & corn crop, the core of our economy when a "derecho" with 140 mph winds & thunderstorms DEVASTATED my home state. People died. Power was out for weeks. Trees were still down when I was in Cedar Rapids LAST WEEK. #Vote4Joe
